The Australian Charcuterie Excellence Awards (ACEA) stand as the pinnacle of recognition within the Australian smallgoods industry. An embodiment of quality and distinction, these awards not only celebrate exceptional products but also champion the elevation of industry standards. In partnership with Australian Pork Limited, ACEA welcomes manufacturers of Australian smallgoods products to partake in this esteemed competition.

In the latest edition, a staggering 725 entries across ten distinguished classes and 40 categories showcased the industry's unwavering commitment to excellence. A meticulous points-based judging criteria resulted in the bestowal of 328 Gold, 187 Silver, and 96 Bronze medals. A testament to the competitiveness of the awards, this year saw AMIC crown 36 Category Champions out of 40 possible categories, reaffirming the rigorous pursuit of distinction.

While the bar was set high, several categories demanded an extra layer of discernment, leading to either a count-back on flavour or a comprehensive rejudging. This reevaluation, conducted through a Borda Count method — a sophisticated ranked voting system — ensured that the ultimate victors were determined fairly. Eleven Categories necessitated a Borda count this year, adding to the competition's intensity and integrity.

From the 12th of July, William Angliss Institute in Melbourne played host to the esteemed Judging Week, graced by an illustrious panel. This assembly of fleischmeisters, celebrity chefs, award-winning artisans, and industry legends carefully assessed the entries, making this event a true showcase of expertise and experience.

We extend our heartfelt congratulations to all ACEA winners for their remarkable accomplishments. This victory is a testament to the dedication and masterful craftsmanship exhibited by each participant. Your pursuit of excellence is the cornerstone of our industry's growth and success.
