

AMIC FOOD SAFETY PLAN – FORM NUMBER NINE

QUARTERLY RODENT ACTIVITY LOG

To be completed each quarter

Date of this report: _____

Bait status	Bait station number													
	1	2	3	4	5	6	7	8	9	10	11	12	13	14
Completely gone														
Partially gone														
Undisturbed														
Replaced														

Comments:

Report any activity related to insect control such as inside knock down spraying, outside surface spraying, maintenance of fly doors, insectocutors and cleaning.

Baits should be replaced as per manufactures instructions or when gone. If using a pest control contractor, baits will be replaced by the contractor at the required time, and a letter will be provided stating this.

Each bait station should be marked on the Bait Station Site Plan 9A.
