Welcome.

The Australian Meat Industry Council (AMIC) is delighted to again host this much-loved conference and gala event, dedicated to its meat processing and export members.

The Meat Processing and Export conference (MPEC25) builds on the successes of MPEC 2023, which was delivered to great acclaim last November after an 8-year hiatus. MPEC has reinforced its reputation as an event that is not to be missed, with the highest calibre speaking program, thought-provoking content and opportunities to celebrate and network. We have no doubt that MPEC 2025 will be a stellar occasion for the industry to come together and reconnect with all members of the supply chain, to celebrate achievements and plan for the next ones.

The event will bring to the fore the very latest in industry issues that matter most, discussed on stage in a professional forum. It will be augmented by a quality exhibition show, an outstanding social program and a gala dinner that provides the opportunity to make the event a truly memorable one.

MPEC25 will be delivered in a style and calibre that reinforces the significance of the industry and enables us to send this message to key stakeholders including government.

AMIC will encourage attendance from throughout its membership base and beyond, to ensure that by attending MPEC25 as a sponsor or delegate, you can be guaranteed of not only an excellent time, but of the business networking opportunities that can set you up for the year ahead and beyond.

For those contemplating a sponsoring role at the event, we can guarantee excellence in exposure. Together with our professional conference managers, we take the responsibility of providing appropriate return on investment very seriously and will work individually with each sponsor to optimise profile according to the benefits listed in this document.

We encourage you to consider being part of what will be a great show.
